

# Finance Tracker Design System

**1. Overview** This design system defines the visual and interaction principles for the Finance Tracker App. It ensures a consistent, modern, and premium experience across both light and dark themes.

---

**2. Core Design Philosophy** - **Modern Minimalism:** Clean layouts, clear hierarchy, and lots of white or dark space. - **Visual Trust:** Simple typography, neutral base, and refined gradients to communicate security and reliability. - **Modular Components:** Card-based UI for scalability and consistency. - **Subtle Delight:** Use micro-interactions and motion to make the experience feel responsive and high-end.

---

### 3. Color System

```
### Light Theme Palette | Role | Color | Hex | -----|-----|-----| Primary | Deep Blue | #2563EB ||  
Accent | Violet Gradient | #6366F1 → #8B5CF6 | | Background | White | #FFFFFF | | Surface | Soft  
Gray | #F9FAFB | | Text Primary | Charcoal | #111827 | | Text Secondary | Gray | #6B7280 | |  
Border | Light Gray | #E5E7EB |
```

```
### Dark Theme Palette | Role | Color | Hex | -----|-----|-----| Primary | Blue Accent | #3B82F6 |  
| Accent | Gradient | #6366F1 → #8B5CF6 | | Background | Dark Navy | #0F172A | | Surface | Deep  
Gray | #1E293B | | Text Primary | White | #F9FAFB | | Text Secondary | Gray | #94A3B8 | | Border |  
Slate | #334155 |
```

---

**4. Typography | Usage | Font | Weight | Example |**  
|-----|-----|-----|-----| | **Headings** | Inter / Space Grotesk |  
600–700 | Dashboard, Titles | | **Body** | Inter | 400 | Transaction  
lists, Details | | Numerals | SF Pro Display / Roboto Mono | 500 |  
Balances, Charts |

Typography emphasizes \*\*clarity and confidence\*\*. Large balances should use bold, clean numerals with increased letter spacing.

---

## **5. Layout and Spacing - Grid: 8px baseline grid - Max content width: 1200px (desktop) - Card spacing: 16–24px margin and padding - Use consistent vertical rhythm**

---

## **6. Components**

### Card Design - Rounded corners: 16px radius - Shadow: subtle for light, diffused glow for dark - Optional: glassmorphism effect for summary cards

### Buttons | Type | Background | Text | Shape | -----|-----|-----|-----| | Primary | Gradient | White | Rounded full | | Secondary | Transparent / Outline | Primary color | Rounded full |

### Inputs - Rounded corners (8px) - Soft inner shadow on light theme, outer glow on dark - Clear focus ring (#6366F1)

---

## **7. Iconography - Line icons (Lucide / Feather style) - 24px standard size - Consistent stroke weight (1.5px)**

---

## **8. Motion & Interaction - Transition duration: 200–300ms - Easing: cubic-bezier(0.4, 0, 0.2, 1) - Micro-interactions: hover glow, card lift, chart animation on load**

---

## **9. Charts & Data Visualization - Rounded bar edges - Gradient fills for bars/lines - Animated entry for financial summaries - Tooltip with blur background (glass effect)**

---

**10. Brand Expression** - \*\*Voice:\*\* Confident, calm, reassuring. -  
\*\*Tone:\*\* Friendly but professional. - \*\*Imagery:\*\* Use abstract  
gradients or geometric patterns, no stock photos.

---

**11. Accessibility** - Minimum contrast ratio: 4.5:1 - Font size min:  
14px - Support light/dark toggle - Animations should be subtle  
and optional

---

**12. Summary** The Finance Tracker App design combines  
\*\*minimalism, gradient sophistication, and micro-animation\*\* to  
achieve a \*\*modern, trustworthy, and visually refined\*\* experience  
in both light and dark themes.
